The "Boat & Bach" option allows the freedom of a Sounds bach holiday with the fun and adventure of a runabout for all your days activities – fishing, diving, biscuiting, waterskiing etc. You control your transport to and from the bach without needing to coordinate with a water-taxi timetable further offsetting the cost as well. It actually works out cheaper in most cases! With the choice of 3 runabouts and 80 baches well positioned through-out the Sounds, we have options for everyone. All we insist is you choose a bach with a safe mooring and/or jetty. You will find all details provided about this one each Kulak bach webpage.
